General Assembly of the University of Arkansas, 1997, with the assistance of the

the area served by the university

Research has been and will continue to be a very important component of any university. The University of Central Arkansas will conduct activities consistent with this obligation. In order to do so the university shall:

1. Encourage basic and applied research efforts by both faculty and students, particularly at the graduate level;
2. Emphasize research and the dissemination of research findings in business, health care, and education;
3. Encourage opportunities for both faculty and students to attack current problems facing society such as those concerning environment, energy, economics, and education.

Finally and importantly, the commitment to dissemination of institutions of higher education
